Design & Development of the MG3

**Institution of
MECHANICAL
ENGINEERS**

Speaker: Ian Pogson, Chief Engineer - After Sales

The MG3, like the MG6 already launched in the UK has been designed and developed in Longbridge, Birmingham by British Engineers. The lecture will consider the design and development process and working for a parent company (SAIC) across the other side of the world.

Tuesday 8th October 2013 – 7pm

Bentley Motors
Pyms Lane
Crewe
CW1 3PL
