

## IMechE North West Automobile Division

### ‘Understanding the Impact of Electric Vehicles on LV networks’

**Speaker:** Becky Lees - Consultant, Smart Grid Delivery,  
EA Technology

My Electric Avenue is exploring the impact clusters of EVs will have on electricity networks in the future and trialling a new solution, called Esprit, to control the demand and avoid traditional network reinforcement.

**Tuesday 19<sup>th</sup> May 2015 – 18:30 to 20:00**

(Refreshments & Registration Available from 18:00)

Main Lecture Theatre  
South Cheshire College  
Dane Bank Avenue  
Crewe  
Cheshire  
CW2 8AB
