NEEDS

YOU

-  Are you continually seeking **quality** engineering and manufacturing biased apprentices?
-  Are you a manufacturing/engineering business?
-  Are you based in the Merseyside region?

Do **YOU** want:

- To recruit standout and work ready apprentices?
- Apprentices with industry recognised qualifications?
- Less turnover and more results from your apprentices?
- To be confident that your future work force can be sourced today?
- To be seen as a company of choice for apprentices in the region?
- To work with an industry recognised training provider

What **WE** offer:

- 16 - 18 year olds with a good level of education and life skills to enter and succeed in industry
- Subsidised wage costs at the beginning of each apprenticeship
- Solid appreciation of the automotive and manufacturing sectors, ensuring programmes meet industry needs
- Innovative and practical approach to training
- Support from a highly experienced team of professionals
- 3 week work experience/vetting process for industry partners prior to apprenticeship offers

If you can answer **yes** to all of the above or want more information contact us now on:
